DELAHENTY MACHINERY PTY LTD—NEW MACHINES

Comecel TPS105 Tube Polishing Machine

- 95mm dia. tube capacity
- Polishes straight or bent tube
- Wet and Dry grinding process

Fong Ho FHC315D Cold saw

- Manual operation
- Double vice - self centring
- Capacity: 90mm dia. Tube @ 90°
- Trigger on/off switch
- Includes base cabinet

Fong Ho FHC350D Cold saw

- Manual operation
- Double vice - self centring
- Capacity: 110mm dia. Tube @ 90°
- Trigger on/off switch
- Includes base cabinet

Fong Ho FHC370T Cold saw

- Manual operation
- Single vice with off cut support
- Capacity: 115mm dia. Tube @ 90°
- Trigger on/off switch
- Includes base cabinet

Fong Ho FHC350A Automatic Step Feed Cold Saw

- Pneumatic automatic operation
- Auto feeding clamping & cutting
- Capacity: 110mm dia. Tube @ 90°
- Includes fully enclosed splash guard

Imet Velox 350 Aluminium Saw

- High speed full compound mitre
- Capacity: 110mm dia. Tube @ 90°
- Supplied with base cabinet and Dual auto air vice
- Auto coolant system

Imet BS300/60 Bandsaw

- Manual operation
- Capacity: 255 mm dia. @ 90°
- Start button in saw handle
- Mitre cutting to 60° left, 45° right
- 2 speed

Imet BS350 GH Bandsaw

- Autocut bandsaw
- Capacity: 305 mm dia. @ 90°
- Mitre cutting to 60° left, 45° right
- Manual Clamp
- 2 speed

Imet BS350 SH-I Bandsaw

- Semi automatic bandsaw
- Capacity: 305 mm dia. @ 90°
- Mitre cutting to 60° left, 45° right
- 2 speed
- Hydraulic vice & feed

DELAHENTY MACHINERY PTY LTD—NEW MACHINES

Ofmer P 55 SP Reo Bar Bender

- Capacity 45 mm dia. MS bar
- 2 speed
- Electronic angle control
- 4 kW
- Complete with pins and bushes

Tauring Alfa 40H2 Ring Roller

- 3 Driven Rolls
- Independent hydraulic adjusted on lower rolls for tighter radius
- Shaft dia. 40mm
- 3.75kW

Tauring ARC 50-130 Digital Radius Gauge

YLM NC38 TSQ Mandrel Bender

- Capacity 38mm dia. X 2.5 mm wall thickness MS
- PLC control
- Safety Mat and two handed cycle start
- Complete with One Set of tools

YLM NC50 TSQ Mandrel Bender

- Capacity 60mm dia. X 4 mm wall thickness MS
- PLC control
- Safety Mat and two handed cycle start
- Complete with One Set of tools

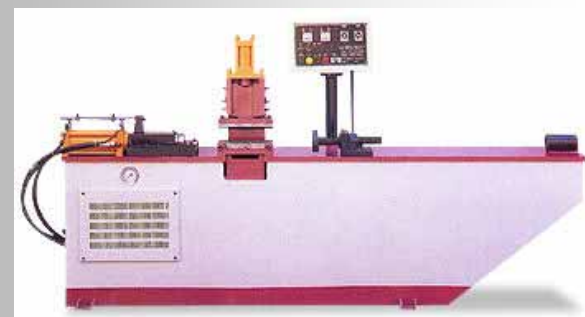

YLM NC80 TSQ Mandrel Bender

- Capacity 80mm dia. X 5 mm wall thickness MS
- PLC control
- Safety Mat and two handed cycle start
- Complete with One Set of tools

YLM CNC80 fully Automatic Tube Bending and rolling machine

- Capacity 80mm dia. X 3 mm wt / MS
- 2 Stack + push bending
- Windows based CNC control
- Electric Y,B,C and X axis
- Full CE Guarding with Laser Scanner

YLM CRC38 End Forming Machine

- Capacity 38mm dia. X 2.5 mm wall thickness MS
- 3 HP hydraulic operation
- Auto Cycle
